

THE PROPHECIES OF THE VOLVA

Travel back in time as a völva, a Nordic prophetess particularly respected in Viking society. The experience takes place in the world of Assassin's Creed Valhalla (Ubisoft).

Armed with your spectacular staff, symbolizing the spiritual and social power of the völva, you discover the destiny of Viking women. You arrive in a village where everyone is busy preparing for a new expedition. While some women are preparing to embark on a war expedition alongside the men, others are making the sails for the langskips or commer-cent to ensure daily life in the village in the absence of their companions.

All consult the völva, whether to concoct a love potion, a medicinal potion or to find out the fate of the next expedition...
