

SAUCES

« SAUCES » is an animated stop-motion series featuring bottles of soy sauces fighting a war between sweet and savory sauces (Red Tops and Green Tops), halfway between adventure comedy and political drama. Hermann, a color-blind (and actually apolitical) green top, is falsely accused of murdering Mr. and Mrs. Wikkoman, an emblematic Red Top couple. In the kingdom of Sauces, the Reds represent opulence, the Greens, precariousness. At the root of the tensions: the Red Tops have taken control of the borders to prevent the arrival of new Green Tops, who are considered to be too numerous and fundamentally bad. Hermann becomes a revolutionary hero for some, a public enemy for others... He risks his life as a fugitive both to save his honor and to set the record straight. The task will prove to be harder than expected in a world ruled by conspiracy theories and fake news.
